

## Service bulletin 193

10th December 2012

### Bottom pin for rack

We have experienced that the rack in Visual Cooking II ovens at some customers look like they are learning. To overcome this we have introduced 3 new pins in the production, which will help us correcting the rack in the final quality test. For those technicians who have a similar issue in the field these pins can be ordered as a spare. They can be ordered on the below part no's.

- |                                 |          |
|---------------------------------|----------|
| • Pin for rack (bottom) 26,5 mm | 32300010 |
| • Pin for rack (bottom) 28 mm   | 32300011 |
| • Pin for rack (bottom) 29,5 mm | 32300012 |

Best regards
